to the terms of the Datang Pre-emptive Bond Subscription Agreement, the Company conditionally agreed to issue, and Datang conditionally agreed to subscribe for, the Datang Pre-emptive Bonds in an aggregate principal amount of US\$22,200,000 for a total cash consideration of US\$22,533,000 which is 101.5% of the aggregate principal amount of the Datang Pre-emptive Bonds, (3) the Datang Supplemental Agreement with Datang and Datang Telecom, in which Datang and Datang Telecom agreed to amend the pre-emptive rights provision in the Datang Share Purchase Agreement in order to give effect to the parties' understanding of the purpose of the pre-emptive rights provision, (4) the Country Hill Pre-emptive Subscription Agreement with Country Hill, pursuant to which, on and subject to the terms of the Country Hill Pre-emptive Subscription Agreement, the Company conditionally agreed to issue, and Country Hill conditionally agreed to subscribe for, the Country Hill Pre-emptive Shares.

Datang currently holds 17.53% of the entire existing issued share capital of the Company. Country Hill currently holds 10.34% of the entire existing issued share capital of the Company. As each of Datang and Country Hill is a substantial Shareholder of the Company by virtue of their respective shareholding interest, each of them is a connected person of the Company and the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement as well as the transactions contemplated there under (including the allotment and issue of the Datang Pre-emptive Shares, the issue of the Datang Pre-emptive Bonds and the allotment and issue of the Country Hill Pre-emptive Shares and any Datang Conversion Shares) will constitute connected transactions of the Company under Chapter 14A of the Listing Rules. Therefore, the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement and the transactions contemplated thereunder are subject to reporting, announcement and Independent Shareholders' approval requirements under the Chapter 14A of the Listing Rules.

The purpose of this circular is to provide you with (i) details regarding the Datang Pre-emptive Subscription, the Datang Supplemental Agreement and the granting of the Datang Pre-emptive Specific Mandate; (ii) details regarding the Country Hill Pre-emptive Subscription and the granting of the Country Hill Pre-emptive Specific Mandate; and (iii) a notice to convene the EGM.

I THE DATANG PRE-EMPTIVE SUBSCRIPTION

A. Pre-emptive rights of Datang

References are made to the Company's announcements dated 10 November 2008, 4 June 2014, 18 June 2014 and 22 August 2014 in relation to the Datang Share Purchase Agreement and the delivery by Datang of an irrevocable notice to the Company that it will fully exercise its pre-emptive right in respect of the issue of the Subscription Shares and the Further Bonds and any Country Hill Pre-emptive Subscription.

[Table of Contents](#)

Pursuant to the Datang Share Purchase Agreement, in case of any issue of new Shares or securities convertible into Shares, subject to certain exceptions, Datang has the pre-emptive right to purchase such number of additional Shares or securities convertible into Shares so as to enable Datang to hold, after the issue of such securities, a pro rata portion of such securities equivalent to the percentage of the issued share capital of the Company then beneficially owned by Datang prior to the issue of such securities. Datang's pre-emptive right is applicable to the issue of the Subscription Shares, the Further Bonds and any Country Hill Pre-emptive Subscription. Pursuant to the Datang Share Purchase Agreement, completion of any such issue of the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds to Datang upon exercise of its pre-emptive right will be further subject to the receipt of any required regulatory approvals. Any exercise by Datang of its pre-emptive right to subscribe for the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds in connection with the issue of the Subscription Shares, the Further Bonds and any Country Hill Pre-emptive Subscription will be at a price equivalent to the Subscription Price (in the case of the Datang Pre-emptive Shares) or at a price equivalent to the issue price of the Further Bonds (in the case of the Datang Pre-emptive Bonds) and conditional on the obtaining of the necessary governmental approval and the obtaining of the approval of the Independent Shareholders for the Datang Pre-emptive Subscription.

The Company has notified Datang in accordance with the terms of the Datang Share Purchase Agreement in respect of the issue of the Subscription Shares, the issue of the Further Bonds and the possibility of the Country Hill Pre-emptive Subscription. Pursuant to the Datang Share Purchase Agreement, Datang delivered an irrevocable notice to the Company on 18 June 2014 stating that it would be fully exercising its pre-emptive right in respect of the issue of the Subscription Shares, the Further Bonds and the Country Hill Pre-emptive Subscription. The subscription by Datang of the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds will be based on terms and conditions that are substantially the same as the Placing, the Subscription and the issue of the Further Bonds.

The Datang Pre-emptive Securities were calculated in accordance with Datang's shareholding immediately before the Company's entry into the Placing and Subscription Agreement and the Further Bonds Subscription Agreement, being approximately 18.98% of the issued share capital of the Company. As a result of the place down of Shares by Datang under the Placing and the dilutive effect of the Subscription pursuant to the Placing and Subscription Agreement, Datang's shareholding immediately before the issue of the Subscription Shares and immediately before the issue of the Further Bonds were approximately 10.94% and 17.56% of the issued share capital of the Company, respectively. However, the parties have agreed that it is fair and reasonable for Datang's pre-emptive right to be based on its shareholding immediately before the date of the Placing and Subscription Agreement and the Further Bonds Subscription Agreement, being 18.98%, in order to give effect to the purpose of the relevant pre-emptive rights provision in the Datang Share Purchase Agreement. Datang, Datang Telecom and the Company have further

[Table of Contents](#)

agreed to enter into the Datang Supplemental Agreement to amend the pre-emptive rights provision in the Datang Share Purchase Agreement to give effect to this understanding.

B. The Datang Pre-emptive Share Subscription Agreement

On 22 August 2014, the Company entered into the Datang Pre-emptive Share Subscription Agreement with Datang, pursuant to which, on and subject to the terms of the Datang Pre-emptive Share Subscription Agreement, the Company conditionally agreed to issue, and Datang conditionally agreed to subscribe for, the Datang Pre-emptive Shares. The subscription by Datang of the Datang Pre-emptive Shares will be at a price equivalent to the Subscription Price, and conditional upon the obtaining of the necessary governmental approvals and the approval of the Independent Shareholders. As at the Latest Practicable Date, the governmental approvals are pending. Datang has reported the proposed subscription of the Datang Pre-emptive Shares to the National Development and Reform Commission (“NDRC”) of the PRC for its review. Datang will in turn report the proposed subscription of the Datang Pre-emptive Shares to the Ministry of Commerce and the State Administration of Foreign Exchange (“SAFE”) of the PRC for their approvals after the NDRC has completed its review.

The principal terms of the Datang Pre-emptive Share Subscription Agreement are set out below:

Parties:	(i) Datang as the subscriber; and (ii) the Company as the issuer.
Interest to be acquired:	The Datang Pre-emptive Shares represent (i) approximately 1.92% of the total issued share capital of the Company as at the Latest Practicable Date; and (ii) approximately 1.88% of the issued share capital of the Company as enlarged by the issue of the Datang Pre-emptive Shares.

[Table of Contents](#)

Subscription Price:

The trust deed and the paying, conversion and transfer agency agreement in respect of the Further Bonds currently do not extend to the Datang Pre-emptive Bonds. Pursuant to the Datang Pre-emptive Bond Subscription Agreement and the terms and conditions of the Datang Pre-emptive Bonds, the Company will enter into a supplemental trust deed and a supplemental paying, conversion and transfer agency agreement for the Datang Pre-emptive Bonds to extend the trust deed and the paying, conversion and transfer agency agreement in respect of the Further Bonds to the Datang Pre-emptive Bonds. The Datang Pre-emptive Bonds will be consolidated and form a single series with the Original Bonds and the Further Bonds. The subscription by Datang of the Datang Pre-emptive Bonds will be conditional upon the obtaining of the necessary governmental approvals and the approval of the Independent Shareholders. As at the Latest Practicable Date, the governmental approvals are pending. Datang has reported the proposed subscription

E. The Datang Supplemental Agreement

On 22 August 2014, the Company entered into the Datang Supplemental Agreement with Datang and Datang Telecom to amend the pre-emptive rights provision in the Datang Share Purchase Agreement in order to give effect to the parties' understanding of the purpose of the pre-emptive rights provision. The Datang Share Purchase Agreement contains a pre-emptive right for Datang to maintain its shareholding percentage immediately prior to a new issue of securities carrying voting rights. The proposed amendment clarifies that the pro rata portion of new securities that Datang Telecom or Datang is entitled to subscribe for will be determined by reference to Datang's shareholding immediately prior to the Company's entry into the agreement or agreements for the transaction involving the issuance of such new securities (in this case, its shareholding prior to the Placing), since, for instance, in the context of the Placing and the Subscription, the original provision in the Datang Share Purchase Agreement will only entitle Datang to subscribe in accordance with a lower level of shareholding created as a result of its role in assisting the Company to raise capital in the Placing and the Subscription.

The principal terms of the Datang Supplemental Agreement are set out below:

Date:	22 August 2014
Parties:	Datang, Datang Telecom and the Company
Proposed amendment:	Subject to the fulfilment of the conditions set out below, the pre-emptive rights provision in the Datang Share Purchase Agreement will be amended such that the pro rata portion of new securities that Datang Telecom or Datang is entitled to subscribe for will be determined in accordance with the percentage of the issued share capital held by Datang immediately prior to the Company's entry into the agreement or agreements for the transaction involving the issuance of such new securities.

[Table of Contents](#)

The Datang Share Purchase Agreement shall, except as amended by the Datang Supplemental Agreement, remain in full force and effect.

Conditions Precedent:

The proposed amendments to the Datang Share Purchase Agreement will only be effective upon the fulfilment of the following conditions:

VI REASONS FOR, AND BENEFITS OF, THE DATANG PRE-EMPTIVE SUBSCRIPTION AND THE COUNTRY HILL PRE-EMPTIVE SUBSCRIPTION

The Company is of the view that the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription will strengthen the relationship between Datang, Country Hill and the Company and provide an additional source of funding for the Company's needs beyond the capital raised through the Placing and the Subscription.

The lock-up undertakings provided by the Company to each of Datang and Country Hill were provided on the basis that any pre-emptive subscriptions by each of Datang and Country Hill would be on substantially the same terms and conditions as the Placing, the Subscription and the issue of the Further Bonds. The lock-up undertaking in respect of the Further Bonds was provided to the Joint Managers on the basis that such lock-up undertakings are generally required in respect of an issue of bonds, and the issue of the Further Bonds was in the interests of the Company and the Shareholders as a whole.

On this basis, the Directors (excluding the independent non-executive Directors who will form their view upon considering the advice of the Independent Financial Adviser) consider that, subject to the opinion of Messis Capital, the terms of the Datang Pre-emptive

[Table of Contents](#)

Subscription and the Country Hill Pre-emptive Subscription are fair and reasonable, the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement including the respective lock-up undertakings provided by the Company to each of Datang and Country Hill is on normal commercial terms or better, in the ordinary and usual course of business of the Company and in the interests of the Company and the Shareholders as a whole.

VIII USE OF PROCEEDS

It is estimated that the net proceeds (net of fees and expenses) from (i) the issue of the Datang Pre-emptive Bonds, and (ii) the issue of the Datang Pre-emptive Shares and the Country Hill Pre-emptive Shares will be approximately US\$22.4 million (approximately HK\$173.6 million) and HK\$562.5 million, respectively.

As disclosed in the Company's interim report for the six months ended 30 June 2014, the Company plans to spend approximately US\$1.1 billion in capital expenditures for foundry operations in 2014, which are subject to adjustment based on market conditions. The capital expenditures are mainly for: 1) the development of a majority-owned 12-inch fab for advance nodes in Beijing, 2) the acquisition of used equipment for the Company's 8-inch fab in Shenzhen, 3) the product-mix change including conversion from 40/45nm to 28nm in the Company's 12-inch fab in Shanghai, and 4) the expansion of capacity in the Company's 8-inch fab from 39K to 42K in Tianjin. The primary sources of capital resources and liquidity include cash generated from operations, bank borrowings and debt or equity issuances and other forms of financing.

The Company intends to use the net proceeds (net of fees and expenses) from the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares for the Company's capital expenditure used for capacity expansion associated with 8-inch and 12-inch manufacturing facilities and general corporate purposes.

IX IMPLICATIONS OF THE LISTING RULES

Datang currently holds 17.53% of the entire existing issued share capital of the Company. Country Hill currently holds 10.34% of the entire existing issued share capital of the Company. As each of Datang and Country Hill is a substantial Shareholder of the Company by virtue of their respective shareholding interest, each of them is a connected person of the Company and the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement as well as the transactions contemplated thereunder (including the allotment and issue of the Datang Pre-emptive Shares, the issue of the Datang Pre-emptive Bonds and the allotment and issue of the Country Hill Pre-emptive Shares and any Datang Conversion Shares) will constitute connected transactions of the Company under Chapter 14A of the Listing Rules. In accordance with the Listing Rules, an Independent Board Committee (consisting of all the independent non-executive Directors who have no direct or indirect interest in the Datang Pre-emptive Subscription, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription, other than, where applicable, being a Shareholder) has been established to advise the Independent Shareholders as to whether the respective terms of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement are fair and reasonable, whether the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement is on normal commercial terms or better, in the ordinary and usual course of business of the Company and in the interests of the Company and the Shareholders as a whole, and to advise the Independent Shareholders on how to vote, taking into account the recommendations of the Independent Financial Adviser. Other than Dr. Gao Yonggang and Dr. Chen Shanzhi (both being Directors nominated by Datang) and Professor Lawrence Juen-Yee Lau (being a Director nominated by Country Hill), none of the Directors has a material interest in the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement or the transactions contemplated thereunder and therefore none of them (save for the above named Directors) is required to abstain from voting on the Board resolutions in respect of the above.

Messis Capital has been appointed as the Independent Financial Adviser to advise the Independent Board Committee and Independent Shareholders as to whether the respective terms of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement are fair and reasonable, and whether the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement is on normal commercial terms or better, in the ordinary and usual course of business of the Company and in the interests of the Company and the Shareholders as a whole, and to advise the Independent Shareholders as to whether they

should vote in favour of the ordinary resolutions to be proposed at the EGM to approve the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement and the transactions contemplated thereunder.

PRINCIPAL FACTORS AND REASONS CONSIDERED

In arriving at our opinion to the Independent Board Committee and the Independent Shareholders, we have taken the following principal factors and reasons into consideration:

1. Background of and reasons for entering into the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement
 - (i) Background of the Placing and Subscription Agreement, the Further Bond Subscription Agreement, the Datang Share Purchase Agreement and the Country Hill Subscription Agreement

On 4 June 2014, Datang entered into the Placing and Subscription Agreement with the Joint Placing Agents and the Company. The completion of the Placing took place on 9 June 2014 and the completion of the Subscription took place on 12 June 2014. Pursuant to the terms and conditions of the Placing and Subscription Agreement, (i) a total of 2,590,000,000 Sale Shares were

[Table of Contents](#)

successfully placed by the Joint Placing Agents to no fewer than 6 independent placees, who were third parties independent of and not connected with the Company and its connected persons, at the placing price of HK\$0.60 per Sale Share, and (ii) the Company allotted and issued 2,590,000,000 Subscription Shares, representing approximately 7.44% of the issued share capital of the Company as enlarged by the issue of the 2,590,000,000 Subscription Shares, to Datang at the price of HK\$0.60 per Subscription Share.

On 4 June 2014, the Company and the Joint Managers entered into the Further Bond Subscription Agreement, pursuant to which each of the Joint Managers agreed to subscribe and pay for, or to procure subscribers to subscribe and pay for, the Further Bonds to be issued by the Company in an aggregate principal amount of US\$95 million. The Further Bonds will be convertible into 924,738,230 Shares assuming full conversion of the Further Bonds at the initial Conversion Price of HK\$0.7965. The issue of the Further Bonds was completed on 24 June 2014.

Pursuant to the Datang Share Purchase Agreement, in case of any issue of new Shares or securities convertible into Shares, subject to certain exceptions, Datang has the pre-emptive right to purchase such number of additional Shares or securities convertible into Shares so as to enable Datang to hold, after the issue of such securities, a pro rata portion of such securities equivalent to the percentage of the issued share capital of the Company then beneficially owned by Datang prior to the issue of such securities. Datang's pre-emptive right is applicable to the issue of the Subscription Shares and the Further Bonds and any Country Hill Pre-emptive Subscription. Pursuant to the Datang Share Purchase Agreement, completion of any such subscription of the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds by Datang upon exercise of its pre-emptive right will be further subject to the receipt of any required regulatory approvals. Any exercise by Datang of its pre-emptive right to subscribe for the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds in connection with the issue of the Subscription Shares and the Further Bonds and any Country Hill Pre-emptive Subscription will be at a price equivalent to the Subscription Price (in the case of the Datang Pre-emptive Shares) or at a price equivalent to the issue price of the Further Bonds (in the case of the Datang Pre-emptive Bonds) and conditional on the obtaining of the necessary governmental approval and the obtaining of the approval of the Independent Shareholders for the Datang Pre-emptive Subscription.

Pursuant to the Country Hill Subscription Agreement, in case of any issue of new Shares or securities convertible into Shares, subject to certain exceptions, Country Hill shall have the pre-emptive right to subscribe for such number of additional Shares or securities convertible into Shares so as to enable Country Hill to hold, after the issue of such securities, a pro rata portion of such securities equivalent to the percentage of the issued share capital of the Company then beneficially owned by Country Hill immediately prior to the issue of such securities. Country Hill's pre-emptive right is applicable to the issue of the

[Table of Contents](#)

Subscription Shares and the Further Bonds and any Datang Pre-emptive Subscription. Pursuant to the Country Hill Subscription Agreement, completion of any subscription of the Country Hill Pre-emptive Shares by Country Hill upon exercise of its pre-emptive right will be further subject to the receipt of any required regulatory approvals. Any exercise by Country Hill of its pre-emptive right to subscribe for the Country Hill Pre-emptive Shares in connection with the issue of the Subscription Shares and the Further Bonds and any Datang Pre-emptive Subscription will be at a price equivalent to the Subscription Price (in the case of the Country Hill Pre-emptive Shares) and conditional on the obtaining of the necessary governmental approval and the obtaining of the approval of the Independent Shareholders for any such Country Hill Pre-emptive Subscription.

The Datang Pre-emptive Securities were calculated in accordance with Datang's shareholding immediately before the Company's entry into the Placing and Subscription Agreement and the Further Bonds Subscription Agreement, being approximately 18.98% of the issued share capital of the Company. As a result of the place down of Shares by Datang under the Placing and the dilutive effect of the Subscription pursuant to the Placing and Subscription Agreement, Datang's shareholding immediately before the issue of the Subscription Shares and immediately before the issue of the Further Bonds were 10.94% and 17.56% of the issued share capital of the Company, respectively.

Datang currently holds 17.53% of the entire existing issued share capital of the Company. Country Hill currently holds 10.34% of the entire existing issued share capital of the Company. As each of Datang and Country Hill is a substantial shareholder of the Company by virtue of their respective shareholding interest, each of them is a connected person of the Company and the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement as well as the transactions contemplated thereunder (including the allotment and issue of the Datang Pre-emptive Shares, the issue of the Datang Pre-emptive Bonds and the allotment and issue of the Country Hill Pre-emptive Shares and any Datang Conversion Shares) will constitute connected transactions of the Company under Chapter 14A of the Listing Rules. Therefore, the entering into of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement and the transactions contemplated thereunder are subject to the reporting, announcement and Independent Shareholders' approval requirements under Chapter 14A of the Listing Rules.

(iii) Reasons for and benefits of the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription

The Company is of the view that the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription will strengthen the relationship between Datang, Country Hill and the Company and provide an additional source of funding for the Company’s needs beyond the capital raised through the Placing and the Subscription.

It is estimated that the net proceeds (net of fees and expenses) from (i) the issue of the Datang Pre-emptive Bonds, and (ii) the issue of the Datang Pre-emptive Shares and the Country Hill Pre-emptive Shares will be approximately US\$22.4 million and HK\$562.5 million, respectively. The Company intends to use the net proceeds (net fees and expenses) from the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares for the Company’s capital expenditure used for capital expansion associated with 8-inch and 12-inch manufacturing facilities and general corporate purposes.

Furthermore, as discussed in the section headed “Potential financial effect on the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription” below, the issue of the Datang Pre-emptive Shares, the Datang Pre-emptive Bonds and the Country Hill Pre-emptive Shares will not have any material adverse impact on the Group’s financial position. Instead, it strengthens the financial position of the Company by raising additional cash.

[Table of Contents](#)

Taking into consideration (i) the additional funding available for the Group; (ii) the rationale of pre-emptive rights; and (iii) no material adverse impact on the Group's financial position, we are of the view that the issue of the Datang Pre-emptive Shares, Datang Pre-emptive Bonds and the Country Hill Pre-emptive Shares is fair and reasonable and in the interests of the Company and the Independent Shareholders as a whole.

2. Principal terms of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement

(i) Principal terms of the Datang Pre-emptive Share Subscription Agreement and the Country Hill Pre-emptive Subscription Agreement

We have reviewed major terms of the Share Subscription Agreements including issue price and the Company's lock-up undertakings. We noted that these terms are the same as those of the Placing and Subscription Agreement. Furthermore, we are not aware of any terms which are unusual.

(a) Subscription price analysis

We note that the Subscription Price of HK\$0.6 per Share represents:

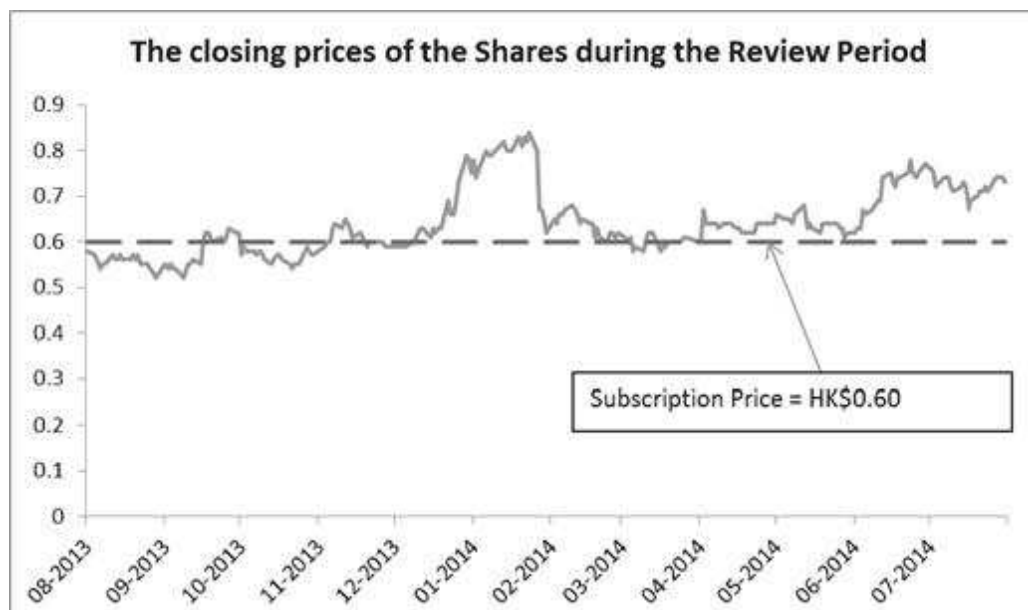

- (1) a discount of approximately 20.00% over the Closing Price of HK\$0.750 per Share as quoted on the Hong Kong Stock Exchange on the Latest Practicable Date;
- (2) a discount of approximately 17.81% over the Closing Price of HK\$0.730 per Share as quoted on the Hong Kong Stock Exchange on the last full trading day immediately before execution of the Share Subscription Agreements;
- (3) a discount of approximately 18.70% over the volume weighted average Closing Price of HK\$0.738 per Share for the last five consecutive trading days up to and including the last full trading day immediately before execution of the Share Subscription Agreements; and

[Table of Contents](#)

- (4) a discount of approximately 17.13% over the volume weighted average Closing Price of HK\$0.724 per Share for the last ten consecutive trading days up to and including the last full trading day immediately before execution of the Share Subscription Agreements.

(b) Historical performance of the Shares

We have reviewed the movements in the Closing Prices of the Shares for the period commencing from 23 August 2013, being the 12-month period prior to the date of the last full trading day immediately before execution of the Share Subscription Agreements (the "Review Period"). The Closing Prices of the Shares during the Review Period are set out below:

Source: website of the Hong Kong Stock Exchange (www.hkex.com.hk)

We note that the Closing Prices of the Shares during the Review Period ranged from HK\$0.52 per Share (recorded on 19 September 2013) to HK\$0.84 per Share (recorded on 14 February 2014). We note that the Subscription Price of HK\$0.60 per Share is within such range.

(c) Comparison with other subscriptions

In assessing the fairness of the Subscription Price, we have, to our best endeavor, conducted a search of all subscriptions of shares issued under the general mandates conducted by companies listed on the Main Board of Hong Kong Stock Exchange in the last 3 months prior to the date of the Announcement (the "Subscription Comparables") by searching through published information on the Hong Kong Stock Exchange's website. Based on

such criteria, we have identified 48 Subscription Comparables.

[Table of Contents](#)

Subscriptions of shares issued under general mandates were chosen for comparison purpose because (i) the Subscription Shares will be issued under the 2013 General Mandate; and (ii) the exercise by Datang of its pre-emptive right to subscribe for the Datang Pre-emptive Shares in connection with the issue of the Subscription Shares is at a price equivalent to the Subscription Price, and the exercise by Country Hill of its pre-emptive right to subscribe for the Country Hill Pre-emptive Shares in connection with the issue of the Subscription Shares is at a price equivalent to the Subscription Price.

We consider that a period of three months is adequate and appropriate for studying the Subscription Comparables having considered that (i) such period is sufficiently recent for reflecting the prevailing market practice in respect of the subscriptions of shares issued under general mandates; and (ii) we were able to identify 48 Subscription Comparables within such three-month period, which, in our opinion, constitute a sufficiently representative sample for comparison purpose.

We compared the respective premium/discount over/to the Closing Prices of the shares of the relevant companies in respect of the Subscription Comparables with those of the Country Hill Pre-emptive Subscription and Datang Pre-emptive Subscription.

We set out our findings in the table below:

Based on our findings, the premiums/discounts represented by the subscription prices to the Closing Prices of shares of the Subscription Comparables on the last trading days prior to the corresponding announcements ranged from a maximum premium approximately 6.38% over the corresponding subscription prices to a maximum discount approximately 20.00% to the corresponding subscription prices.

We note that the discount of approximately 17.81% as represented by the Subscription Price to the Closing Price of the Shares on the last full trading day immediately before the execution of the Share Subscription

[Table of Contents](#)

Agreements is larger than the corresponding average discount of the Subscription Comparables. Nevertheless, we note that such discount represented by the Subscription Price falls within the range of the discounts of the Subscription Comparables.

In addition, we note that:

- (i) any exercise by Datang of its pre-emptive right to subscribe for the Datang Pre-emptive Shares and the Datang Pre-emptive Bonds in connection with the issue of the Subscription Shares and the Further Bonds and any Country Hill Pre-emptive Subscription will be at a price equivalent to the Subscription Price (in the case of the Datang Pre-emptive Shares);
- (ii) any exercise by Country Hill of its pre-emptive right to subscribe for the Country Hill Pre-emptive Shares in connection with the issue of the Subscription Shares and the Further Bonds and any Datang Pre-emptive Subscription will be at a price equivalent to the Subscription Price (in the case of the Country Hill Pre-emptive Shares);
- (iii) the Subscription Price was determined on 4 June 2014 when the Placing and Subscription Agreement was entered into;
- (iv) the Subscription Price of HK\$0.60 per Subscription Share represented (a) a discount of only approximately 4.76% to the Closing Price of HK\$0.63 per Share on 4 June 2014; and (b) a discount of only approximately 7.69% to the average Closing Price of approximately HK\$0.65 per Share for the last five/ten trading days up to and including 4 June 2014;
- (v) as disclosed in the Company's announcement dated 4 June 2014, as at the date of the aforesaid announcement, the Company had been informed by each of Datang and Country Hill in a non-legally binding letter of intent that each of them was committed to exercising their respective pre-emptive right to subscribe for additional Shares or bonds for a certain amount (not exceeding the amount each of them was entitled to under the Datang Share Purchase Agreement and the Country Hill Share Subscription Agreement, respectively) based on the terms and conditions that were substantially the same as the Placing, the Subscription and the issue of the Further Bonds; and
- (vi) the discount represented by the Subscription Price of (a) approximately 4.76% to the Closing Price of HK\$0.63 per Share on 4 June 2014 and (b) approximately 7.69% to the average Closing Price of approximately HK\$0.65 per Share for the last five/ten

trading days up to and including 4 June 2014, is within the range of discounts of the Subscription Comparables and is smaller than the corresponding average discount of the Subscription Comparables.

(d) Conclusion

Based on the aforesaid and taking into account in particular that:

- although the discount of approximately 17.81% as represented by the Subscription Price to the Closing Price of the Shares on the last full trading day immediately before the execution of the Share Subscription Agreements is larger than the corresponding average discount of the Subscription Comparables, it falls within the range of the discounts of the Subscription Comparables;
- the discount represented by the Subscription Price of (a) approximately 4.76% to the Closing Price of HK\$0.63 per Share on 4 June 2014 (when the Subscription Price was determined upon the entering into of the Placing and Subscription Agreement) and (b) approximately 7.69% to the average Closing Price of approximately HK\$0.65 per Share for the last five/ten trading days up to and including 4 June 2014 is within the range of discounts of the Subscription Comparables and is smaller than the corresponding average discount of the Subscription Comparables,
- the exercise by Datang of its pre-emptive right to subscribe for the Datang Pre-emptive Securities and the exercise by Country Hill of its pre-emptive right to subscribe for the Country Hill Pre-emptive Shares based on the terms and conditions that were substantially the same as the Placing, the Subscription and the issue of the Further Bonds were mutually agreed by the relevant parties on 4 June 2014,

we consider that the terms of the Share Subscription Agreements are fair and reasonable in this regard.

(a) Conversion price analysis

The initial Conversion Price of HK\$0.7965 is equal to the conversion price of the Original Bonds, the Original Pre-emptive Bonds and the Further Bonds, which was determined after arm's length negotiation between the Company and the Joint Managers with reference to the Closing Price of the Shares quoted on the Hong Kong Stock Exchange on the Last Trading Day (i.e. 24 October 2013), being the last trading day immediately before the entering into of the subscription agreement in relation to the Original Bonds. The initial Conversion Price represents:

Further to the execution of the Datang Pre-emptive Bond Subscription Agreement, the initial Conversion Price of HK\$0.7965 represents:

- (1) a premium of approximately 9.11% over the Closing Price of HK\$0.730 per Share as quoted on the Hong Kong Stock Exchange on 22 August 2014, being the last full trading day immediately before the date of execution of the Datang Pre-emptive Bond Subscription Agreement;
- (2) a premium of approximately 7.93% over the volume weighted average Closing Price of approximately HK\$0.738 per Share for the last five consecutive trading days up to and including 22 August 2014, being the last full trading day immediately before the date of execution of the Datang Pre-emptive Bond Subscription Agreement;

(4) a premium of approximately 6.20% over the Closing Price of HK\$0.750 per Share as quoted on the Hong Kong Stock Exchange on the Latest Practicable Date.

(b) Historical Share prices

The lowest Closing Price was HK\$0.52 per Share on 19 September 2013 and the highest Closing Price was HK\$0.84 per Share on 14 February 2014, with the average of the Closing Price of the Shares during the Review Period of approximately HK\$0.64 per Share. The Conversion Price represents a premium of approximately 53.2% over the said lowest Closing Price per Share, and a discount of approximately 5.2% to the said highest Closing Price per Share during the Review Period, whilst the Conversion Price also represents a premium of approximately 24.5% over the average Closing Price during the Review Period.

(c) Comparison with other convertible bonds subscriptions

To assess the fairness and reasonableness of the terms of the Datang Pre-emptive Bonds, and in particular the Conversion Price, yield-to-maturity and maturity, we, based on our best endeavour and as far as we are aware of, have compared with the relevant terms of other convertible bonds or notes issued by companies listed on the Main Board of Hong Kong Stock Exchange for cash consideration over the three months prior to and including the last full trading day immediately before the date of the execution of the Datang Pre-emptive Bond Subscription Agreement (the “CB Comparables”).

We consider that a period of three months is adequate and appropriate for studying the CB Comparables having considered that (i) such period is sufficiently recent for reflecting the prevailing market practice in respect of the issues of convertible bonds or notes; and (ii) we were able to identify 10 CB Comparables within such three-month period, which, in our opinion, constitute a sufficiently representative sample for comparison purpose.

Details of our analysis are set out in the following table:

Conversion Price

As illustrated in the table above, the differences between the respective conversion prices of the CB Comparables and the then prevailing share prices of the relevant listed companies prior to the date of the Announcement, ranged from a maximum discount of about 94.31% to a maximum premium of about 73.61%. As the premium represented by the Conversion Price falls within this range, we consider that the Conversion Price is fair and reasonable in this regard.

Interest rate

As illustrated in the table above, the respective yield-to-maturity of the CB Comparables ranged from nil to 7.50% and the zero interest rate of the Datang Pre-emptive Bonds is at the lower end of the range. As disclosed in the audited consolidated financial statements of the Company for the year ended 31 December 2013, the weighted average interest rate on funds borrowed by the Group is 4.42% per annum generally. As such, the Datang Pre-emptive Bonds will provide the Group with a funding opportunity to save financing costs which is in the interests of the Company and the Shareholders.

[Table of Contents](#)

Maturity

The maturities of the CB Comparables ranged from one year to seven years. The maturity date of the Datang Pre-emptive Bonds to be issued by the Company is the same as that of the Original Bonds, the Original Pre-emptive Bonds and the Further Bonds, being 7 November 2018, which is within the range of the CB Comparables.

(d) Conclusion

Based on the foregoing, we are of the view that the terms of the Datang Pre-emptive Bond Subscription Agreement are on normal commercial terms and are fair and reasonable.

(iii) The Datang Supplemental Agreement

On 22 August 2014, the Company entered into the Datang Supplemental Agreement with Datang and Datang Telecom to amend the pre-emptive rights provision in the Datang Share Purchase Agreement in order to give effect to the parties' understanding of the purpose of pre-emptive rights provision. The Datang Share Purchase Agreement contains a pre-emptive right for Datang to maintain its shareholding percentage immediately prior to a new issue of securities carrying voting rights. The proposed amendment clarifies that the pro rata portion of new securities that Datang Telecom or Datang is entitled to subscribe for will be determined by reference to Datang's shareholding immediately prior to the Company's entry into the agreement or agreements for the transaction involving the issuance of such new securities (in this case, its shareholding prior to the Placing), since, for instance, in the context of the Placing and the Subscription, the original provision in the Datang Share Purchase Agreement will only entitle Datang to subscribe in accordance with a lower level of shareholding created as a result of its role in assisting the Company to raise capital in the Placing and the Subscription.

The principal terms of the Datang Supplemental Agreement are set out below:

Date : 22 August 2014

Parties : Datang, Datang Telecom and the Company

[Table of Contents](#)

- Proposed amendment : Subject to the fulfilment of the conditions as disclosed in the Letter from the Board, the pre-emptive rights provision in the Datang Share Purchase Agreement will be amended such that the pro rata portion of new securities that Datang Telecom or Datang is entitled to subscribe for will be determined in accordance with the percentage of the issued share capital of the Company held by Datang immediately prior to the Company's entry into the agreement or agreements for the transaction involving the issuance of such new securities.
- The Datang Share Purchase Agreement shall, except as amended by the Datang Supplemental Agreement, remain in full force and effect.
- Conditions precedent : The proposed amendments to the Datang Share Purchase Agreement will only be effective upon the fulfilment of the following conditions:
- Independent Shareholder's approval: the Company having obtained the approval of the Independent Shareholders in general meeting of the Datang Supplemental Agreement.

We understand from the Company that the purpose of the pre-emptive rights provision is to provide Datang with a right to maintain its shareholding interest in the Company as Datang being a substantial shareholder of the Company may enhance the Company's PRC presence and further improve its global competitiveness. We further understand from the Company that the Datang Supplemental Agreement was to clarify the parties' understanding of the purpose of the pre-emptive rights provision in the Datang Share Purchase Agreement.

As advised by the Company and based on our review of the original Datang Share Purchase Agreement, the original Datang Share Purchase Agreement was unclear as to whether Datang's pre-emptive right to maintain its shareholding in respect of a top-up placing pursuant to Chapter 14A of the Listing Rules was by reference to Datang's shareholding in the Company immediately prior to (i) the Placing or (ii) the Subscription (in which case Datang had already sold down some of its shares in the Placing and its shareholding percentage in the Company prior to the Subscription was lower than its shareholding percentage prior to the Placing).

[Table of Contents](#)

Based on our review of the Datang Supplemental Agreement, we note that the Datang Supplemental Agreement clarifies that the pre-emptive right by Datang to maintain its original shareholding in respect of a top-up placing applied to Datang's shareholding just prior to any place-down of Datang's shares rather than to Datang's shareholding before the top-up subscription of new shares by Datang.

Having reviewed the terms of the Datang Supplemental Agreement and taking into account our understanding obtained from the Company, we concur that the Datang Supplemental Agreement was to clarify the parties' understanding of the purpose of the pre-emptive rights provision in the Datang Share Purchase Agreement, being to provide Datang with a right to maintain its shareholding interest in the Company.

3. Potential financial effects on the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription

(i) Net assets

Based on the audited consolidated financial statements of the Company for the year ended 31 December 2013, the audited equity attributable to the owners of the Company were approximately US\$2.5 billion as at 31 December 2013. As advised by the Company, the recognition of Datang Pre-emptive Bonds will be divided into a liability component and an equity component in the consolidated statement of financial position of the Company, on initial recognition. The liability component will be included on the statement of financial position of the Company, whereas the total assets will be increased by the net proceeds from the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares. The net effect will be an increase in net assets, which is represented by the corresponding increase in the equity component of the Company's consolidated statement of financial position. Accordingly, the net assets of the Group will increase upon the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares. It should be noted that in the event that Datang exercises the conversion rights of the Datang Pre-emptive Bonds before maturity, the net assets of the Group will further increase.

(ii) Liquidity and working capital position

According to the audited consolidated financial statements of the Company for the year ended 31 December 2013, the Group had cash and bank balances of approximately US\$462.5 million as at 31 December 2013. Upon the issue of the Datang Pre-emptive Bonds and the issue of the Datang Pre-emptive Shares and the Country Hill Pre-emptive Shares, the Company will receive further net cash proceeds (net of fees and expenses) of approximately US\$22.4 million and HK\$562.5 million, respectively, which the Company intends to apply for the capacity expansion associated with 8-inch and 12-inch manufacturing facilities

[Table of Contents](#)

and general corporate purposes. It should be noted that the Company is required to redeem the Datang Pre-emptive Bonds on the part of the Datang Pre-emptive Bonds not converted into Shares upon maturity.

In addition, given that the Datang Pre-emptive Bonds will not bear interest, no interest payment will be required to be paid by the Company in relation to the Datang Pre-emptive Bonds. As such, there will not be any material adverse effect on the working capital position of the Group in this regard.

(iii) Gearing

As disclosed in the audited consolidated financial statements of the Company for the year ended 31 December 2013, the Group had borrowings amounted to approximately US\$991.5 million, convertible bonds amounted to approximately US\$180.6 million and total equity of approximately US\$2,593.2 million as at 31 December 2013. The gearing ratio (defined as total debt divided by total equity) of the Group as at 31 December 2013 was approximately 45.2%. As advised by the Company, immediately upon the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares, the equity is expected to increase by the amount of the equity component of such shares and bonds while the liabilities are expected to increase by the amount of the liability component of such bonds. As advised by the Company, since the amount of the equity component of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares are expected to be higher than the liability component of such bonds arising thereof, the gearing ratio of the Company is expected to decrease upon the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares. Given the above, we consider that the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares will have positive impact on the Group's gearing position.

(iv) Conclusion

In view of the foregoing and having considered in particular that:

- the net assets of the Group will increase upon the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares and will further increase in the event that Datang exercises the conversion rights of the Datang Pre-emptive Bonds before maturity, as discussed above;
- upon the issue of the Datang Pre-emptive Bonds and the issue of the Datang Pre-emptive Shares and the Country Hill Pre-emptive Shares, the Company will receive further net cash proceeds (net of fees and expenses) of approximately US\$22.4 million and HK\$562.5 million, respectively;
- the Datang Pre-emptive Bonds do not bear interest;

Table of Contents

the gearing ratio of the Company is expected to decrease upon the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares as discussed above,

we are of the opinion that the issue of the Datang Pre-emptive Shares, the Datang Pre-emptive Bonds and the Country Hill Pre-emptive Shares, will have positive impact on the Group's financial position.

4. Possible impacts on the shareholding structure of the Company

The following table illustrates (i) the shareholding structure of the Company immediately before the Company's entry into the Placing and Subscription Agreement and the Further Bonds Subscription Agreement and assuming no conversion of the Original Bonds and the Original Pre-emptive Bonds; (ii) the shareholding structure of the Company as at the Latest Practicable Date; (iii) the shareholding structure of the Company after the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares and assuming no conversion of the Bonds; (iv) the shareholding structure of the Company after the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares and assuming full conversion of the Datang Pre-emptive Bonds but no conversion of the Original Bonds, the Original Pre-emptive Bonds and the Further Bonds; and (v) the shareholding structure of the Company after the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares and assuming full conversion of the Bonds.

Notes:

- (1) Assuming that other than the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares, no Share issuance, no issuance of any pre-emptive securities, no restricted share units are granted, none of the outstanding share options is exercised and no conversion into Shares of any securities. As at 30 September 2014, the Company has 477,904,226 outstanding share options.

[Table of Contents](#)

- (2) Assuming that other than the issue of the Datang Pre-emptive Securities, the Country Hill Pre-emptive Shares and assuming full conversion of the Datang Pre-emptive Bonds, no Share issuance, no issuance of further pre-emptive securities, no restricted share units are granted, none of the outstanding share options is exercised and no conversion into Shares of any securities. As at 30 September 2014, the Company has 477,904,226 outstanding share options.
- (3) Assuming that other than the issue of the Datang Pre-emptive Securities, the Country Hill Pre-emptive Shares and assuming full conversion of the Bonds, no Share issuance, no issuance of further pre-emptive securities, no restricted share units are granted, none of the outstanding share option is exercised and no conversion into Shares of any securities. As at 30 September 2014, the Company has 477,904,226 outstanding share options. Country Hill's shareholding percentage has been diluted compared to its shareholding percentage immediately before the Company's entry into the Placing and Subscription Agreement and the Further Bonds Subscription Agreement primarily due to dilution as a result of (i) a partial exercise by Country Hill of its pre-emptive right to subscribe for the Country Hill Pre-emptive Shares in respect of the issue of the Subscription Shares pursuant to the Placing and Subscription Agreement and the subsequent issue of the Datang Pre-emptive Shares, and (ii) the shares to be issued assuming full conversion of the Further Bonds and the Datang Pre-emptive Bonds.

As illustrated in the table above, based on the initial Conversion Price and upon full conversion of the Datang Pre-emptive Bonds, 216,096,723 Conversion Shares will be issued, representing approximately 0.62% of the issued share capital of the Company on the last full trading day immediately before execution of the Datang Pre-emptive Bond Subscription Agreement and approximately 0.62% of the enlarged issued share capital of the Company as enlarged by the full conversion of the Datang Pre-emptive Bonds.

Notwithstanding the above, the shareholding interests of the Independent Shareholders (other than the holders of the Original Bonds and Further Bonds) will be diluted from approximately 72.13% as at the Latest Practicable Date to approximately 69.82% after the issue of the Datang Pre-emptive Securities and the Country Hill Pre-emptive Shares and assuming full conversion of the Datang Pre-emptive Bonds but no conversion of the Original Bonds, the Original Pre-emptive Bonds and the Further Bonds. Given that the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription will strengthen the Group's working capital and provide funding for the implementation of the Group's expansion plan as discussed in above which are in the interests of the Company and the Shareholders as a whole, we consider such dilution impact to be acceptable in this regard.

[Table of Contents](#)

RECOMMENDATION

Having considered the factors and reasons discussed above, in particular the followings (which should be read in conjunction with and interpreted in the full context of this letter):

- Datang and Country Hill exercised its respective pre-emptive rights pursuant to the Datang Share Purchase Agreement, the Datang Supplemental Agreement and the Country Hill Share Purchase Agreement to subscribe for the Datang Pre-emptive Shares, the Datang Pre-emptive Bonds and the Country Hill Pre-emptive Shares, respectively, following the issue of the Subscription Shares and the Further Bonds;
- the Datang Pre-emptive Subscription and the Country Hill Pre-emptive Subscription will strengthen the Group's working capital and provide funding for the implementation of the Group's expansion plan as discussed in above;
- major terms of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement and the Country Hill Pre-emptive Subscription Agreement including initial Conversion Price, conversion right, maturity, interest rate and the Company's lock-up undertakings are the same as those of the Placing and Subscription Agreement and the Further Bonds Subscription Agreement;
- the Subscription Price of the Share Subscription Agreements is fair and reasonable so far as the Company and the Shareholders are concerned and are in the interests of the Company and the Shareholders as a whole;
- the initial Conversion Price represents a premium to the then prevailing share prices of the Shares prior to the Last Trading Day and the Latest Practicable Date;
- the premium represented by the initial Conversion Price falls within the range of those of the CB Comparables;
- given that the Datang Pre-emptive Bonds will not bear interest, no interest payment will be required to be paid by the Company;
- the issue of the Datang Pre-emptive Shares, the Datang Pre-emptive Bonds and the Country Hill Pre-emptive Shares will not have any material adverse impact on the Group's financial position; and
- the dilution effect of the shareholding interests of the Independent Shareholders is considered to be acceptable,

we are of the view that the terms of the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement and

[Table of Contents](#)

the transactions contemplated thereunder are based on normal commercial terms, fair and reasonable and in the interests of the Company and the Shareholders as a whole. Accordingly, we advise the Independent Shareholders and the Independent Board Committee to recommend the Independent Shareholders to vote in favour of the ordinary resolutions to be proposed at the EGM to approve the Datang Pre-emptive Share Subscription Agreement, the Datang Pre-emptive Bond Subscription Agreement, the Datang Supplemental Agreement and the Country Hill Pre-emptive Subscription Agreement and the transactions contemplated thereunder.
