

Forward-Looking Statements

This presentation contains, in addition to historical information, forward-looking statements. These forward-looking statements are based on SMIC's current assumptions, expectations, beliefs, plans, objectives, and projections about future events or performance. SMIC uses words including but not limited to "believe", "anticipate", "intend", "estimate", "expect", "project", "target", "going forward", "continue", "ought to", "may", "seek", "should", "plan", "could", "vision", "goal", "aim", "aspire", "objective", "schedule", "outlook" and other similar expressions to identify forward looking statements. These forward-looking statements are estimates made by SMIC's senior management based on their best judgment and involve significant risks, both known and unknown, uncertainties and other factors that may cause SMIC's actual performance, financial condition or results of operations to be materially different from those suggested by the forward-looking statements including, among others, risks associated with cyclicality and market conditions in the semiconductor industry, intense competition in the semiconductor industry, timely wafer acceptance by SMIC's customers, timely introduction of new technologies, SMIC's ability to ramp new products into volume, supply and demand for semiconductor foundry services, shortages in equipment, parts, raw materials, software and service supports, orders or judgments from pending litigation, intellectual property litigation in the semiconductor industry, macro- economic conditions, fluctuations in currency exchange rates and the risk of geopolitics.

- Revenue was \$1,750.2 million in 1Q24, an increase of 4.3% QoQ from \$1,678.3 million in 4Q23. The growth was mainly due to the increase in wafer shipment in 1Q24.
- General and administrative expenses decreased to \$116.4 million in 1Q24 from \$147.8 million in 4Q23. The change was mainly due to a new majority-owned fab entering the depreciation period in 1Q24 and as a result, the start-up cost decreased in this quarter.
